

Hereward Relay Stage 1

This map is only in draft form as there is a slight change to the start of the stage. The start will now be at the Peterborough Athletics track not in Cathedral Square.

There is a large car park adjacent to the athletics track that contestants are requested to use. **Do not leave your car at the athletics track as the complex will be locked after the race has started.**

There will be marshals guiding you from the track to the river and again once you enter Whittlesey all other sections of the course will be marked by arrows sprayed on the ground or with signs.
